INTRASOFT International is a **leading European IT Solutions and Services Group**, with strong international presence and expertise, a team of **2,200+ highly skilled professionals**, representing over 50 different nationalities and mastering more than 30 languages, operating in 13 countries. Our expertise and strength lie in our proven capacity and successful track record in undertaking and delivering, complex, mission – critical projects.

More than **500 organizations** (European Institutions, Private & Public sector) in over **70 countries** worldwide have chosen our company's products, services and solutions to fulfill their business needs.

#IntrasoftPeople have developed the ability to combine their technical expertise with thorough understanding of each customer's individual business needs. The company consists of a highly skilled, efficient and flexible human resources base, with deep experience in Software Development, System integration, IT consulting, Big Data and Analytics. **Talent acquisition** is our top priority and we are proud to attract the **best talent!**

We are committed in **long-term development** of #IntrasoftPeople, of-

fering them scope for variety, alongside personal and **career growth**. We have achieved that by introducing clear and structured career paths, and a **Performance Enablement model** focusing on personal development and career advancement, while offering opportunities **for job rotation** and **international mobility**. **We have established a continuous learning culture, where learning happens for everyone, everyday.** We use a **Learning Management Cloud application** integrated with **Udemy for Business**, to provide an infinite amount of learning opportunities, ranging from technology stacks to business and soft skills. Our new **digital learning model** is based on microlearning and/or blended learning, encouraging individuals to take ownership of how they approach their career development, and how they prepare for upcoming challenges.

Within 2020, we welcomed more than 450 new employees in Greece, and we are **actively seeking** for inspired and enthusiastic IT professionals for our Tech-Hubs in Athens, Thessaloniki and Patras.
