We create
the foundations
for a Thriving tomorrow

Atos

The company

We are Tech Foundations – an Atos Group business line. We are a 52,000-strong team with a clear ambition: to apply digital technology to advance what matters for our clients and society at large in 69 countries. Every day, we work together to create reliable digital foundations for the world's organizations and communities. It's what we call the power of we. Join Atos Greece and work on innovative products that literally save lives! In our R&D hub in Greece, we create products that drive the change of current Emergency Services into the future solution. We offer cutting-edge technology for quick and reliable delivery of emergency information such as voice, data, and video to first responders. Our solution is a game changer in ensuring to support life-saving situations.

Our key benefits

We empower our talents. Here you can grow and develop your skills and career. Our Internal First program prioritizes existing staff when filling new positions. We have also designed the induction journey: Gain Your Atos Intern Experience for graduates and people with limited professional experience shaping them into the next generation's top professionals. You will also benefit from the state-of-the-art technologies and tools, as well as the worldwide network and knowledge of Atos.

About wellbeing

We care about our wellbeing. We have been certified as a Great Place to Work several times in a row. We provide various benefits, such as flexible working hours, hybrid model, health insurance, wellness programs, extra days off and social events. We embrace inclusion at all levels. All people from different backgrounds, genders, perspectives, and experiences are welcomed and supported to achieve full potential. We are sustainable. We contribute to society and the environment by engaging in CSR activities. Our office is close to the suburban railway, and we offer free parking or bike commuting as a Cycle Friendly Employer. If you love technology and innovation and want to develop in an inclusive environment, you might be the one!
